PROFILE

UX design student at Nackademin with a background as a registered nurse. I combine research, visual design and a people-centred perspective to create clear, intuitive digital experiences.

01 SELECTED UX PROJECTS

A Wingspan

WEBSITE REDESIGN • CLIENT COLLABORATION • 2026–ONGOING

Redesigning Wingspan's website in direct collaboration with the company. Focusing on information hierarchy, clearer visual communication and a three-step model explaining their process.

B You as a Viking

THE VIKING MUSEUM • INTERACTIVE CONCEPT

Created wireframes and a user flow for an experience where visitors create their own Viking character. Responsible for the character creation part of the group concept.

C Food app

UX/UI • MOBILE & IPAD

Designed a responsive app concept in Figma, focusing on clear structure, reusable components and consistent interfaces.

02 PREVIOUS EXPERIENCE

Registered nurse

MARCH 2023 – DECEMBER 2025

Eliva Clinic (IVF) · Humana Hägerneholm · Vardaga Ametisten

Worked as a registered nurse in fertility care and residential elder care. At Eliva Clinic, I supported patients throughout the IVF process and handled clinical and administrative tasks. In elder care, I provided nursing care, planned and followed up on care interventions, and worked with multidisciplinary teams.

Earlier: Solom (care assistant) and Balders bröd (barista).

SKILLS

METHODS IN PRACTICE

Interviews & usability testing
Tested Wingspan.se with six participants to identify usability issues and opportunities for improvement.

From sketches to prototypes
Create user flows, wireframes and interactive Figma prototypes, iterating based on feedback.

Accessibility
Evaluated voice interaction and text-to-speech with a focus on users with visual impairments.

TOOLS

Figma · Miro
HTML/CSS (basic) · C#
